● **Illustrator Seiji Yoshida drew the key visuals.**

The key visual is based on the motif of "Games Islands," the setting of TGSVR2023, and was drawn by Seiji Yoshida, a background graphic illustrator who has created numerous game backgrounds and book illustrations. The charm of these mysterious islands floating in the sky and the sense of anticipation for TGSVR2023 are carefully expressed in the key visual.

Comment from Seiji Yoshida - illustrator

"I tried to put the anticipation of the moment when a new adventure begins into the picture. I want you to feel the enormity of the world."

■ TGSVR2023 will take place on islands floating in the sky, aptly named "Games Islands".

TGSVR2023 will take place in the "Games Islands," a game country floating in the sky. We plan to bring you a new exhibition experience that will allow you to enter the world of games and travel around the game show as if you were on a journey. Moreover, a main stage will be set up in the center of the world this year, and like TGS2023, TGSVR2023 will feature a variety of game-related events. In addition, for the first time at TGS VR, multiple game companies will jointly hold a show performance (*) utilizing the features of the Metaverse.

*Show performance details will be announced at a later date.

■ Jump into the game world! Have fun as you travel there! Easy to participate in the game world with your smartphone!

Last year, a total of 400,000 people visited the Tokyo Game Show VR, the virtual venue of TGS that brings joy and surprise to game fans around the world. This year, the third edition of the show, we would like to create with you a festive space where game fans can gather and enjoy interaction even from remote locations, something that can only be realized in the Metaverse. Admission is free. We invite you all to come and visit us from your PCs, VR terminals, and smartphones during the exhibition period.

● For the first time ever, the event will be smartphone compatible and the +1 week extension will make it even easier to participate!

In order to make TGS VR easier and more enjoyable for as many people as possible, new to this year's event, you can also participate from your smartphone. In addition, in response to requests from visitors who want to enjoy the virtual venue even after the real venue ends, TGSVR2023 will run for one week longer than TGS2023, until Sunday, October 1.

(What makes TGSVR2023 so great?)

TGSVR2023 will also send out information from Tokyo Game Show VR official info and Tokyo Game Show Official X (Twitter) account. Please look forward to the evolving TGSVR2023.
